

C.A.R.E.

COORDINATED AGENCY RECOVERY EFFORT

C.A.R.E. is a multi-agency public outreach program to disseminate information about recovery efforts and potential storm impacts following the August/September 2009 California wildfires.

Issued at 6:30 p.m.

EVACUATIONS LIFTED

Effective at 6:30 p.m. tonight, based upon continued evaluation of the weather, the flood control systems, and roadway access, the Foothill Incident Unified Command has lifted all mandatory evacuations for the foothill communities of La Canada Flintridge and La Crescenta.

Residents with valid identification only will be allowed access to these evacuated areas.

“No Parking During Rain Storm” restrictions have also been lifted. However, officials recommend that residents continue to park in their driveways to allow heavy equipment to work in the area.

Residents of La Canada Flintridge and La Crescenta are reminded that truck activity will be constant throughout the communities as County Public Works Department crews continue to clean debris basins.

For further official information about evacuations, contact the Crescenta Valley Sheriff's Station at (818) 248-3464.

Residents are advised to monitor www.dpwcare.org for further weather updates.
